Nonprofit Finance & Sustainability Conference

Financial leadership isn't only reserved for executive directors and finance managers. Board members, program managers, bookkeepers, operations managers and others are responsible for understanding your organization's financial picture and all play a role in maintaining accountability and sustainability.

In today's dynamic economic environment, it's increasingly important for a broad array of nonprofit board and staff to understand your organization's financial picture—and to plan for your organization's financial future.

Join the Minnesota Council of Nonprofits and Nonprofits Assistance Fund for the **2017 Nonprofit Finance and Sustainability Conference**. This sixth annual day-long conference will offer insights, strategies and tools for staff and board members looking at your organization's financial sustainability from diverse perspectives—from strategy and oversight to implementation and evaluation.
