MINNESOTA GRANTS DIRECTORY

Over 50 Minnesota and National Funding Opportunities Responding to the Impacts of COVID-19 and Disaster Relief
Dear nonprofit community,

Every year you help nonprofit organizations secure hundreds of millions of grant dollars to make essential services available to Minnesota communities. As we face an era where the impacts of COVID-19 will likely result in increased demands on your organizations, operational challenges, and funding disruptions, your work in grantseeking will be vital. Unlike other sources of revenue for nonprofits, grant funding can be more nimble, flexible, and quick in times of crises.

For 33 years the Minnesota Council of Nonprofits (MCN) has worked to inform, promote, connect, and strengthen individual nonprofits and the nonprofit sector. The following Special Edition Grants Directory will provide you with an evolving list of funding opportunities. MCN offers profound appreciation for the funders that have stepped up with a speedy public commitment of funds to address the crisis, increased flexibility and partnership, and direct communications with their grantees. The Minnesota Council on Foundations also deserves special recognition for building leadership and collaboration at this crucial time. We are in this together.

While the world may seem grim at present, MCN finds hope and inspiration in the nonprofit sector even though we are experiencing something unprecedented for most of us. We hold that this is a difficult time for many in our sector and world; we also hold a hope that this time can unite and inspire us to work together to build a better world. Minnesota already has all the ingredients - a strong public will, love of one’s neighbor, a drive to do what is right. Minnesota often ranks at the top for civic engagement, volunteerism, and charitable giving each year. Without knowing it, we as leaders of nonprofits have been training for this moment for decades. As nonprofits, we often take a whole systems approach to addressing complex needs. In the coming months as we heal and rebuild, we an opportunity to rebuild systems in a way the centers those who have been furthest from justice so we all can thrive. And it starts with funding...

We wish you the best of luck in your grantseeking endeavors and thank you for your hard work on behalf of Minnesota’s communities.

Sincerely,

Jon Pratt, Kari Aanestad, Grace Fogland, and the whole MCN Team
The Minnesota Council of Nonprofits (MCN) has been producing the Minnesota Grants Directory for over 25 years. This is the first ever Special Edition made available digitally and free for all in light of the unprecedented circumstances posed by the impacts of COVID-19. MCN’s Advancement and Member Services teams have been compiling information on responsive grant opportunities as they become available, both within Minnesota and nationally.

As of the publication date of the fifth version of the Special Edition Grants Directory (May 20, 2020), a number of funders have announced that they have committed funds to disaster relief. In most cases, however, the processes for applying to and accessing these funds is still being determined.

Due to the rapidly evolving nature of this work, MCN intends on publishing multiple versions of this Special Edition Grants Directory in order to equip Minnesota’s nonprofits with the latest information. Nonprofit grantseekers are encouraged to visit www.minnesotanonprofits.org to download the latest version of this directory.

The community is welcome to submit information about additional funding opportunities by email at grants@minnesotanonprofits.org and comments at www.grantadvisor.org.

Deadlines: Applications for the COVID-19 rapid response fund have closed due to the overwhelming response.

Description of Funding Available

The Blue Cross and Blue Shield of Minnesota Foundation created a $750,000 COVID-19 rapid response fund aimed at addressing immediate needs due to the global pandemic. The Foundation received an overwhelming response of nearly 200 applications from across Minnesota and funding requests totaling more than $3.6 million — more than four times the funds available. Due to that overwhelming response, the application process has been closed. Applications that have already been submitted in the online system will be reviewed and considered for funding, but no new applications will be accepted.

Description of Funding Available

The Bush Foundation is cancelling their 2020 Bush Prize program in order to redirect funds to aid people dealing with the economic effects of the outbreak in the Foundation's region. All other grant programs will continue as planned.

The Bush Foundation will expedite consideration for Community Innovation grant applications related to COVID-19. Community Innovation grants fund problem-solving projects that make the region better for everyone. Grantees work inclusively with their communities, make the most of existing resources, and collaborate with other organizations as part of their problem-solving process. Community Innovation grants may be awarded to 501(c)(3) public charities or government entities (including schools). Coalitions or collaboratives are eligible to apply, but only one organization may receive the grant. There is no deadline to apply for this opportunity - it is open year round.

The Foundation staff also knows their grantees are balancing a lot right now, and want to support them by offering flexibility around their grants. They will be reaching out to all current grantees with more information, and to work with them to adapt grant terms as needed.

The Process for Applying for Funds

The Community Innovation application can be found online at: https://www.bushfoundation.org/community-innovation-grants.

How nonprofits should share information about what they are experiencing in their organizations and communities:

The Foundation staff are actively looking for ways to assist communities around their region during this time of need. They encourage grantees to reach out directly to their contact at the Bush Foundation. Other community organizations are encouraged to contact the Foundation by emailing communications@bushfoundation.org with any questions or suggestions for how they can be most useful to people experiencing hardship during this difficult time.

Other ways the Foundation is Responding to the impacts of COVID-19

The Foundation has already committed to supporting the launch of the Minnesota Disaster Recovery Fund and the Coronavirus Response Fund at the South Dakota Community Foundation with major contributions. These funds will help address needs that arise in those states due to the COVID-19 pandemic.

CAPI is moving into a Triage Model, where several staff will be trained in all services so those in need can talk to one person and be enrolled in SNAP, get health insurance, apply for unemployment, receive assistance with filling out census forms, and more. CAPI is also partnering with other multiethnic groups in Minnesota to help provide quality and accessible services, such as language accessibility. Staff are able to speak different languages, and can help non-English speakers with rental assistance, navigating MNSure, and access other resources the City of Minneapolis is providing during this time.

CAPI also runs an Asian-specific food shelf and a grocery delivery program. In order to serve a wide range of people, CAPI has expanded their services to anyone in the community, and are assisting anyone who calls.

The Duluth Superior Area Community Foundation is offering four different funding opportunities during this time:

1. The Northeast Minnesota Response Fund was launched by 5 Duluth-based funding organizations to help local nonprofits on the front lines of the battle against coronavirus. More information on this opportunity can be found here.
2. The Northwest Wisconsin Response Fund, which is doing similar work in NW Wisconsin. More information can be found at this link.
3. Through the Community Opportunity Fund, the Duluth Foundation is utilizing its unrestricted funding to address the needs of organizations facing challenges related to COVID-19 and resulting economic impacts. Core mission grants through the Community Opportunity Fund may be used for core operating expenditures, with a few exceptions as outlined in the attached guidelines.
4. The Knight Foundation COVID-19 Response Fund, which is intended to support the immediate needs of organizations located in Duluth. Grants will be based on the following priorities: Arts organizations, Local news reporting, and Community engagement.

The Process for Applying for Funds
Online - Proposals for these Knight funds begin with a very brief "letter of intent" through the online application portal found on the website. LOIs submitted under the "COVID-19" grant program in the portal will be reviewed within 24 hours of submittal. Description of Funding Available
The Foundation was named an intermediary for the Minnesota Disaster Relief Fund (MDRF), but have distributed all available funds. They are currently continuing grantmaking with their own remaining grant budget (which is small), and others that they can raise. Due to the COVID-19 health crisis, the Foundation has temporarily changed their grant guidelines and deadlines. They have also significantly changed their focus – from an historic emphasis on capacity building and community engagement, to support for nonprofits providing immediate access to essential needs (food, shelter, access to medical care, etc.) to serve those most affected by the COVID-19 pandemic. These temporary guidelines will extend until at least September 2020. Staff anticipate that applications will be highly competitive, but will strive to achieve geographical diversity (impact across their entire 14 county/163 City/two sovereign Tribal nations) in selecting which proposals they can fund.

Description of Funding Available
The LKJ Foundation is working to build a fund for the community to contribute to so that it can be available for nonprofits to seek emergency grants, or funds for long-term recovery efforts. This discussion was just held recently, so they hope to have the fund set up within the next week with a quick turn-around response.

The Process for Applying for Funds
The staff will know more in the coming week about how this fund will operate.

Other ways the Foundation is Responding to the impacts of COVID-19
The Foundation staff is talking with current grantees about the Foundation's willingness to be flexible with timelines, deadlines, etc., during this time, as well as communicating with organizations that have submitted their LOI's for the next grant round about the Foundation's openness to potential changes in requests. Overall, the LKJ staff is committed to being flexible during this time to help in whatever way they can, and will continue to look at other ways they can support nonprofits during these challenging times.

Deadlines: Applications for the OneMPLS Fund have closed due to the overwhelming response.

Description of Funding Available
The Foundation created a OneMPLS Fund designed to be nimble and responsive to emerging needs aligned with the Foundation's mission. The grants supported local nonprofit organizations that:

- Provided services to address the economic impact on individuals whose employment has been reduced or eliminated as a result of the pandemic (particularly the most vulnerable segments of the workforce);
- Met basic needs for vulnerable populations, particularly older adults and youth.

The Foundation received a response of roughly 300 organizations totaling more than $13 million in funding requests — far more than they have available to grant. Due to that overwhelming response, the application process for OneMPLS grants has been paused so the Minneapolis Foundation can plan their next phase of community investment. Any applications that remain when the portal closes will be reviewed at a slower rate; they will notify those organizations of grantmaking decisions in the coming weeks, but no new applications will be accepted.

A complete list of grant recipients can be found at their website.

Once emergency funding is announced, grantees in good standing should contact their program officers initially by telephone.

Other ways the Foundation is Responding to the impacts of COVID-19
The Foundation has provided through mid-May $16 million in COVID-19 crisis assistance and support funds, accelerated $8 million in new and continuing grant awards to over 200 nonprofits in the Foundation’s portfolio located in Florida and Minnesota, and added flexibility in the midst of COVID-19 by allowing appropriate program grants to be shifted to general operating funds.

Emergency grants were provided to expand M Health Fairview COVID-19 care and surge capacity, to support nonprofits in FL and MN managing vital issues like food insecurity, housing, and other basic needs, and included a contribution to the MDRF and a $5 million matching grant to the Best Buy Employee Hardship Relief Fund.

Deadlines: Paint the Town Grants: June 17; Community Foundation Relief Fund: Funds will be awarded on a rolling basis, first come first serve

Description of Funding Available
The Southern Minnesota Initiative Foundation (SMIF) was named an intermediary for the Minnesota Disaster Relief Fund (MDRF). They have created the Community Foundation Relief Fund to assist their 30 community foundations in being responsive to the COVID-19 pandemic. SMIF community foundations are eligible to request matching dollars for any nonprofit in their community. The Foundation plans to meet immediate needs first, then will grant to long-term impacts of COVID-19 if funds are still available.

The Process for Applying for Funds
Staff are encouraging the community foundations to utilize their own application process which is already in place.

Other ways the Foundation is Responding to the impacts of COVID-19
They have extended the deadline for their current Paint the Town grants to June 17. A full list of current grants can be found here: https://smifoundation.org/grants/. The Southern Minnesota Initiative Foundation has a COVID-19 response page that lists all the ways they are assisting their region: https://smifoundation.org/covid-19/.

SMIF, in partnership with its five Minnesota Initiative Foundation partners, also launched the Emergency Child Care Grant program to provide immediate financial support to licensed family and center-based child care providers in Greater Minnesota. First-round grant awards have depleted the available funds of $150,000, however Foundation staff continue to seek additional resources, and will act on a second round of grants should funding be secured.

Important Information
Deadlines: Springboard does not have deadlines, and artists are welcome to apply at any time.

Description of Funding Available
Springboard for the Arts has created a Personal Emergency Relief Fund dedicated to supporting MN artists who experience career-threatening emergencies or unanticipated, emergency expenses. Artists can request up to $500 of immediate relief funding to compensate for cancelled work that was scheduled and lost. Funds will be distributed via check or Paypal. Because this is an economic as well as a health crisis, and thus exacerbates existing systemic disparities, Springboard for the Arts is prioritizing artists who identify as Black, Indigenous, or People of Color (BIPOC), Native, LGBTQIA+, from the disability community as well as those who are immuno-compromised, and artists from rural communities. At this time, the fund is not available to compensate for future gigs or potential loss of business. More information can be found here: https://springboardforthearts.org/coronavirus/.

The Process for Applying for Funds
Minnesotan artists may apply by filling out a form via the website: https://springboardforthearts.org/additional-resources/personal-emergency-relief-fund/

Other ways the Foundation is Responding to the impacts of COVID-19
They are hosting biweekly online convenings for organizations across North America who have started emergency funds, providing space for connection, brainstorming, and sharing resources. Artists are also telling staff they need immediate, emergency help with business strategies, answering legal and financial questions, and processing what this moment means for their livelihood and work. To that end, Springboard for the Arts has launched:

1. One-on-one career counseling and support for artists and artist-led businesses and projects, conducted via phone or online through Springboard's roster of professional career coaches, who are all practicing artists themselves while referrals will be made to relevant legal, accounting and other experts.
2. Online technical assistance sessions: Q&As, workshops, group calls on topics relevant to creative businesses dealing with the COVID-19 crisis, including legal resources on topics like unemployment insurance, e-commerce, and financial planning. Staff are continuing to develop responsive, strategic programming with the aims of keeping artists working and providing space for community to come together, gain necessary skills and tools, and experience art.

Other updated emergency resources can be found on the website: https://springboardforthearts.org/coronavirus/.

Deadlines: Applications for the Response Fund have closed.

Description of Funding Available
The St. Croix Valley Foundation, United Way St. Croix Valley, and United Way Washington County East have partnered to establish a COVID-19 Response Fund for the St. Croix Valley. The Fund’s initial focus was on local organizations working to meet the basic needs of those in their region most significantly impacted by the crisis. The St. Croix Valley Foundation waived all administrative fees for this fund. This means that (with the exception of fees charged by credit card companies) all gifts to this fund were used to help respond to COVID-19 related needs in their region.

The Fund has already granted $525,000 to 98 organizations responding to basic needs. The Advisory Committee for the Response Fund has now paused its grantmaking in order to assess the longer-term needs related to the pandemic. The COVID-19 Response Fund has received additional contributions in support of a second wave of basic needs grantmaking. The focus and timeline for those grants will be announced this summer. In the meantime, donations continue to be accepted and are greatly appreciated.

Youthprise was named an intermediary for the Minnesota Disaster Recovery Fund (MDRF). They have distributed all available funds, but are offering other support.

**Other ways the Foundation is Responding to the impacts of COVID-19**

- **Health and Nutrition Support:** The snacks and meals provided via after-school programs or school serve as many young people’s primary sources of nutrition. Youthprise is offering support through facilitating access to nutrition sites for young people during widespread school closures. Families with children 18 and under can receive a week’s worth of food at a time.
- **Distance Learning and Education Support:** Youthprise is facilitating sending laptops and other distance learning supports directly to families who are preparing for distance learning and may not have access to a laptop at home.
